Similar practice is said to be obtaining in the C & M Stations namely

by Order C O No 21-S/Rl 2-12-20 dated 8th July 1921 the Police may in the Bangalore city are given a reward not exceeding one half of the fine recovered in cases of detection of unlicensed ~~public conveyances~~ bicycles in the Bangalore city limits. But it does not seem to have been extended to the subordinates of the Police Department stationed elsewhere

Q 29/6/27 The same rule seems necessary as any person detecting in the mofussil cases would include police subordinates also

Q 6 What is the pay of the police officers in the city limits and of the corresponding officers in the mofussil?

Such rewards are under existing rules ^
given to private persons who give information leading to the detection of smuggling The wording of the rule is that any person who gives such information shd get the reward but apparently the words have not been understood as covering cases of govt servants It is understood that the Excise establishment in the Coll Station get such rewards A statement has been obtained of the pay of the Excise officials of the Coll Station The pay in the Cely is not more than that in the Coll Station So the same concession may well be shown here The grant of such rewards will no doubt act as an incentive to detection and report of detection If this view is apld the rule of 3 3 15 may perhaps be permitted to be applied to govt servants of the Exc dept
